

PathStand™ Stand Alone Grossing Solutions

Telepathology and Image Archiving for Pathology

PATHSTAND

PathStand™ | Routine

Complete stand-alone Imaging system. Supports in-process documentation.

PathStand Key Features

- 20 MP Image Capture
- 720p Live Video
- 34X zoom
- Metal Construction
- All-in-one Computer
- LED Lights
- Washable Keyboard and Mouse
- Bar Code Scanner
- Footswitch
- Floating position background board
- Imaging Glass
- Custom Color Backgrounds

Superior Image Quality

The PathStand provides HD resolution across a wide range of magnification by utilizing a highly corrected 34X zoom lens. The large zoom range accommodates large and small specimens as well as small details on large specimens.

- Max FOV: 86 cm
- Min FOV: 2.5 cm
- 720p HD Resolution

1X Zoom

8.33X Zoom

34X
ZOOM

PathStand™ | Comprehensive

Fully integrated and completely scalable - integrating cameras, audio, barcode scanners and software. Our pathology imaging suite is designed to empower you from scanning to case sign-out.

HD Video

Crisp, real time 720p HD video provides live viewing of your specimen for both local and remote telepathology users ensuring efficient and effective workflow.

No Shadow Glass

PathStand includes both a solid board that provides a traditional imaging background and a glass table to facilitate shadowless imaging by suspending your sample above the background. Publication quality images are a snap.

>12 Year Life!

LED Lighting

Great images result from great lighting and the PathStand provides adjustable, color balanced, LED light stalks. These lights are bright, energy efficient and have a 50,000 hour life (>12 years at 70 hrs per week). Right and left banks are individually switched to provide directional lighting.

Lab Hardened

Labs are harsh environments for instruments and PathStand was designed to survive the rigors of cleaning and disinfecting agents. Components are powder coated, anodized aluminum or stainless steel to ensure carefree operation over the system life.

PathStand™ | Easy to Learn - Easy to Use

PathSuite provides the user with a simple icon driven user interface with one click access to essential controls. This makes PathSuite intuitive to learn and a pleasure to use. PathSuite supports both gross and microscopy imaging with a common user interface.

Gross Imaging

Streamline Workflow

Archive

A single click captures and saves images to multiple archive locations, adding annotations as needed.

Log In

PathSuite provides quick, accurate validation of your image with case log in.

Preview

PathSuite makes image composition easy with live preview of your camera adjustments.

PathStand™ | Optimized Interface

Measurement and Annotate

PathSuite provides a full suite of annotation and measurement tools for detailing your images without transferring images between programs or computers.

Auto Imprints

Calibration marks and case numbers add visual reference to your image.

Measurement

PathSuite's pre-calibrated images allow for easy measurement of length, area & angle.

Custom Annotations

A full set of text and drawing tools ensure fully detailed images.

Style

Annotation style preferences are easily set or changed with control over numbering protocol, font, size, color, fill, etc...

Case Management Tools

Easily select, duplicate and move images to support your "after hours" and case management work.

Telepathology

PathSuite provides simple, secure connections and fully interactive live consults in a practical and affordable format.

Connect

Colleague meetings are initiated by selecting the team member from the connection menu. The colleague receives an invitation prompt on their screen and joins the meeting with a simple click. Non-colleague attendees are easily added to meetings via e-mail invites. Once accepted, meetings are secured using guest passwords and data encryption, supporting HIPPA requirements.

Consult

PathSuite ensures a rich collaborative consult allowing colleagues to easily clarify orientation, discuss dissection and verify margins.

Document

Discussion images are easily saved to the case with a click of a button preserving results for later reference and follow up.

Save Time

PathSuite telepathology solutions save you time on each trip you make whether it be down the hall, down the street or across the world. It eliminates the time and frustration associated with the trip and the unaccounted for impromptu interactions that occur with each trip. Telepathology lets you connect, consult and return to work without leaving your desk, it's that simple.

PathStand™ | Practical

Return on Your Investment

Our install base has garnered dramatic time savings on image acquisition across multiple pathology work tasks resulting in impressively short ROI periods, followed by ongoing savings year after year.

Routine Gross Dissection

Time Saved per Specimen **10 Min** × Specimens per Day **12** = Time Saved per Day **2 Hrs** or Time Saved per Year **520 Hrs**

Increase Consultations

Increasing intraoperative and needle biopsy adequacy consultations provides savings for the organization and the physician by eliminating unreimbursed secondary procedures and increasing patient satisfaction. Pathologists and Pathologist Assistants benefit from the increased efficiency of providing their consults virtually, avoiding the unproductive trip otherwise required.

Professional Documentation

Consistent documentation of your work provides the foundation for quality assurance and process improvement. It is also the basis of how you are perceived by your patients, referring physicians and by the legal establishment.

PathStand™ | The Smart Choice

Dimensions

Shipping Weight:
350 lbs (159 kgs)

Shipping Size:
48" x 48" x 48"
(122 cm x 122 cm x 122 cm)

Product Weight:
~175 lbs (80 kgs)

Easy to Implement

SPOT Imaging Solutions has developed turnkey solutions with configuration options to support your facility's unique hardware and software infrastructure. The result is an optimized work environment that is easily implemented into your existing infrastructure.

"The installation was quick and we were imaging the next day!"

*Satisfied Pathology Assistant,
Canada*

We Support You!

You are never alone with PathSuite InSpect™ technical service. Our 47 year tradition of standing behind our equipment ensures your uptime performance with on-line, on-phone or on-site assistance.

"We had a different system that was sitting in a box because we couldn't use it, PathSuite is so easy to use... Thanks SPOT Imaging!"

Medical Center, MI

Pathology Solutions to Support Your Whole Team

Microscope Imaging

- Routine Anatomical Pathology
- Frozen Section Consults
- Needle Biopsy Consults
- Tumor Board Presentations
- Teaching and Training

Macro Imaging

- Routine Gross Dissection
- Frozen Section Consults
- Teaching and Training
