PathSuite™ Professional
Quick Start Guide

NOTE: Before beginning the installation process ensure that Windows is not anticipating a restart *(such as a Windows Updates)*. The computer must be connected to the internet. If these requirements are met, double click the **Path**Suite Professional Installer Icon.
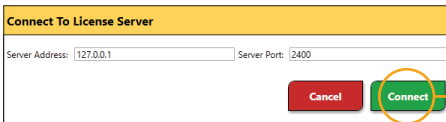

PathSuite3 Professional rev21692

① Click the "**Install**" button and agree to any prompts

Welcome to the PathSuite 3 Setup Wizard

The Setup Wizard will install PathSuite 3 on your computer. Click "Install" to continue or "Cancel" to exit the Setup Wizard.

< Back   Install   Cancel

Completing the PathSuite 3 Setup Wizard

Click the "Finish" button to exit the Setup Wizard.

< Back   Finish   Cancel

② Click the "**Finish**" button to exit the Installer.

NOTE: *a computer restart is required!*

LM SPOT License Manager

③ Launch the "**License Manager**" via the desktop shortcut

Connect To License Server

Server Address: 127.0.0.1   Server Port: 2400

Cancel   Connect
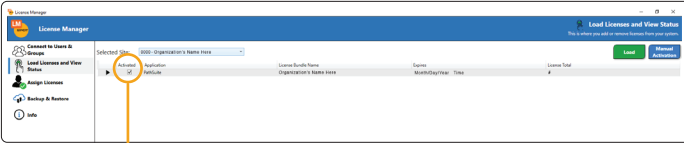

④ Confirm the Server Address is set to "**127.0.0.1**" and the Server Port is set to "**2400**"

Scan System

⑤ In the "**Connect to Users & Groups**" panel, press the "**Scan System**" button and confirm "**Path**Suite" is listed under "**Connected Products**"

⑥ In the "**Load Licenses and View Status**" panel, click the "**Load**" button and select your .lic file

⑦ Wait for the license file to load and to automatically be activated *(noted by a checked box in the "**Activated**" column)*
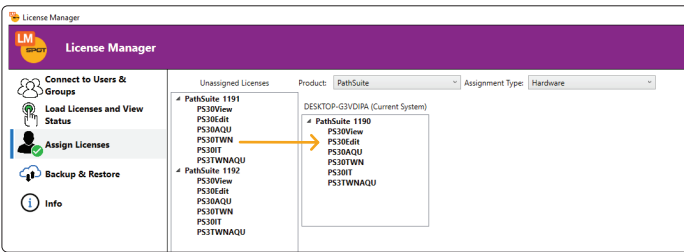

⑧ In the "**Assign Licenses**" panel, drag and drop a License from the "**Unassigned Licenses**" list to the "**Current System**"

⑨ Close License Manager

⑩ Launch **Path**Suite using the desktop shortcut

⑪ Log in for the first time with the following credentials, Username: **admin** • Password: **admin**

⑫ During the first login the user will be prompted for the License Server Information. Confirm the Server Address is set to "**127.0.0.1**" and the Server Port is set to "**2400**". Click the "**Save**" button

⑬ It is reccommended to change the admin's account password using the "**Users**" button in the bottom left of the **Path**Suite application.
